How to pack the box:

Use an empty medium-size shoe box. Cover the box in Christmas paper making sure that you wrap the lid and box separately.

Decide whether your gift will be for a BOY or a GIRL and the age category. Choose the appropriate boy/girl label and tick the box for the age group.

Stick the label to the outside of the lid.

Fill the shoe box with gifts.

Please do not wrap any items individually. Secure the lid with an elastic band and do not seal the box as it will need to be checked.
